How we Work

SSDP has following three ongoing projects:

1. **Career Path Development Project (CPDP)**

This project is for students and young professionals to support and guide them for education and employment opportunities in Pakistan and abroad. SSDP conducts in-person as well as online career counseling seminars, training workshops etc. to build capacities of youth under this project.

2. **Health Awareness Project (HAP)**

Under the umbrella of this exceptional project, SSDP conducts interactive awareness raising sessions on Hepatitis B & C and general health issues in public sector high schools of the Sindh province. In order to keep continue the awareness raising activities; follow-up mechanism has been developed as well.

3. **Own Your Own School Project (OYOSP)**

SSDP supports public sector schools and colleges of Sindh province under the slogan of "Own Your Own School" under this project. In this regard, computer labs are provided to the high schools and various activities are undertaken to improve the quality and academic environment of those institutions.

Dedicated Human Resource

SSDP has a strong human resource foundation. It has a devoted, dedicated, highly educated, experienced and honest team of professionals in its board, executive committee and office and project staff. Volunteerism and dedicationare the core values of the organization. In addition, the organization has a pool of trained, motivated and energetic pool of volunteers in Sindh and abroad. They devote their time, energy and skills and stand side by side with our teams to conduct the activities.

Where We Work

Sindh Skills Development Program works in entire Sindh. It is well connected with both the public and private academic institutions, stakeholders, community, youth and civil society organizations of the province.

SSDP Builds Skills, Skills Lead To Success

Who We Are

Sindh Skills Development Program (SSDP) is a non-government, not-for-profit and non-political civil society organization registered on April 03, 2015 under Societies Registration Act XXI of 1860 with Registration Number 7526. It is one of the core organizations working solely for developing professionals and skilled human resources of Sindh through raising awareness, promoting quality education, skills development and career and academic counseling to compete in national and international job markets. SSDP is a program of Sindhi Association of North America (SANA) which believes in volunteerism and it is a unique organization that assumes that sustainable and accountable development stems from economically and socially productive population especially that of the youth.

SSDP's core philosophy is that the young generation of Sindh needs market oriented competitive skills in their respective fields nationally and internationally. The target group of SSDP initiatives is the youth of Sindh and the concern stakeholders. In simple words, SSDP is a movement which intends to develop a 'Skilled Sindh' through its diverse interventions.

Vision
